DDA Partner Program

The DDA partner program is intended for technology and services suppliers that focus on the Dutch data centre industry. The program aims to promote interaction between suppliers and participants. DDA selects its partners carefully and only works with suppliers who match the profile of its participants: market leading and / or innovative, in any case providing leading and high quality products or services.

The program defines Technology- and Business partners. Technology partners are the manufacturers of A-brand technology used by DDA participants. Business partners are suppliers of supporting products and services that emphasize the sector's professional character. The Partner Program has two types of partners: Partner and Main Partner.

PARTNER benefits

- Listing on the DDA partner page with a company logo and link.
- The right to advertise itself as a partner of DDA with use of the DDA logo.
- Ability to publish news in the DDA newsletter and on the DDA website.
- Ability to provide a speaker at workshops / knowledge events of the DDA.
- Participation by one representative (management level) in the DDA networking drinks.
- Cooperation in establishing contacts with DDA participants.
- Participation in and promotion of one event organized by a partner in the Netherlands, which include providing a speaker, providing a newsletter to its participants and a news publication on the DDA website.

MAIN PARTNER benefits

All benefits of the standard partnership extended with:

- Logo also provided on the front page on the DDA website.
